

A high impact newswire dedicated to science, tech and healthcare

Sciad Newswire is a dedicated news distribution service for science, biotech, technology and healthcare companies. Sciad Newswire offers businesses a customised alternative to using more broadly-based wire services. With more than 20 years' experience working in science, health and tech communications we have strong media relations and an extensive database of contacts that we carefully target with appropriate content, to give our clients the best chance of their news being covered.
